

We Want to Know...Your Thoughts!

Taking a look at becoming more Eco-Friendly, conserving energy and reducing waste are a few subjects that have become topics of interest in many communities throughout the United States. On a local level we would like to know what you as a household or business are doing to help the environment. You can email your responses to mchamber@fedtel.net fax in your printed survey to 320 585 4814, or bring this survey to the Chamber Office. We appreciate your input!

Do you or your business recycle? Y N

Have you taken any steps to conserve energy? Y N

Do you use a programmable thermostat? Y N

Do you use composting as a way to eliminate trash or waste? Y N

Are you interested in learning more as to what YOU can do to participate? Y N

At the end of your email please feel free to add any additional comments on what interests you on this topic or what further steps you or your business has taken.

Or at this point on the survey:

**Thank you for your participation and stay tuned
for Go Green Events!!**
